 Aldicarb New use on Orange and Grapefruit has been assigned to you

Nadrchal, David

12/21/2020 2:35 PM

**Title:** Aldicarb New use on Orange and Grapefruit

**Predecessors:**

**Priority:** (2) Normal

**Task Status:** Not Started

**% Complete:** 0%

**Document Created By:** Nadrchal, David

**Assigned To:** Metzger, Michael; Savoia, Pete; Deleon, Heriberto; Liccione, John; Drew, Danette; Carter, Destiny; Ford, Emma; Jackson, Melantha; Rogers, John Patrick; Lowe, Kelly; Dobreniecki, Sarah; Donovan, William

**Description:** This petition is for a new use on oranges and grapefruit in Florida. No new tolerances are proposed as one already exists for citrus.

The timeframe on this is tight. This RA includes updates from reg review in the dietary and occupational sections. I've attached supporting material for the occupational and the dietary memo for review as well.

Let me know if you have any questions.

Thanks,

David

**Start Date:** 12/21/2020

**Due Date:** 12/29/2020

**Completed:** No

**Peer Review Type:** Risk Assessment Documents for Branch QA-QC
